

Ryan Krystopowicz joined WisdomTree in March 2016 and serves as a Product Specialist, ETF Model Portfolios. He is a leading voice in the content and commercialization of WisdomTree's Model Portfolio Research Study & Model Adoption Center. Ryan also contributes to the commercial success of WisdomTree's Model Portfolio offerings by supporting Distribution and the management of host platforms. His passion for third-party model portfolios and investment outsourcing was cultivated during his tenure at a Registered Investment Advisor where he took on a variety of roles within research and operations. Ryan received a degree from Loyola University of Maryland and is a CFA charterholder.
